ANNOVI REVERBERI:
OLTRE 60 ANNI DI
ECCELLENZA ITALIANA.

Un supermercato di Parigi, un autolavaggio di Los Angeles, un campo di grano nell'Australia Meridionale: un'unica cosa in comune, un prodotto che deriva dal cuore dell'Italia, una pompa Annovi Reverberi. Fondata nel 1958 da Corrado Reverberi, Annovi Reverberi è ancora oggi un'azienda italiana di famiglia, una realtà metalmeccanica fortemente legata al territorio, fatta di persone idee e progetti innovativi. Un esempio di imprenditoria italiana basata su esperienza, artigianalità e innovazione. Un marchio riconosciuto in tutto il mondo come simbolo di massima qualità e saper fare italiano. Oltre 60 anni di storia che hanno visto il gruppo Annovi Reverberi crescere notevolmente e diventare leader in tre settori di riferimento: agricoltura con la produzione di pompe a membrana; industria attraverso il successo delle pompe a pistoncini AR e infine negli anni '90 cleaning con lo sviluppo di idropultrici e aspiratori.

ANNOVI REVERBERI:
MORE THAN 60 YEARS OF
ITALIAN EXCELLENCE.

A supermarket in Paris, a car wash in Los Angeles, a wheat field in South Australia: the same thing in common; a product from the heart of Italy, an Annovi Reverberi pump. Founded in 1958 by Corrado Reverberi, Annovi Reverberi is still an Italian family-owned company, a mechanical engineering reality strongly linked to the territory and made up of people, ideas and innovative projects. An example of Italian entrepreneurship based on experience, innovation and passion. A brand recognized all over the world as a symbol of top quality and Italian know-how. It's more than 60 year history has seen the Annovi Reverberi wgroup grow considerably and become a leader in three sectors of reference: agriculture with the production of diaphragm pumps; industry through the success of AR piston pumps and, finally, in the 90s, cleaning with the development of high-pressure washers and vacuum cleaners.
